Achieving the seemingly impossible - the combination of the fastest hull that doesn't punish those human lapses. Team Wave Sport bring you a machine that's mean enough to handle the hardest of rapids and creeks - with the speed to fly over any feature its paddler demands.

Paddling the Phoenix down river, you'll be able to take the hard lines knowing your kayak's got your back!

The CORE Creek Seat provides the ultimate level of safety whilst maximising on comfort and fit - allowing you to tune your position for that perfect balance on the river. The rotomoulded tank style creek seat is stiff and durable and incorporates our step-out pillar with easy-grip handle - for easy carrying and efficiency in the step-out motion.
