Reconnaissance is the military term for exploring beyond the area occupied by friendly forces. While the creeks may call out to us, the forces of the river don't always welcome our exploration. Performing at the highest levels of creeking and class IV-V+ boating, the Recon handles creeks and rivers efficiently, confidently and safely, with boofability worthy of a new term. Helping boaters make limit pushing a way of life since 2012 - the Recon Series.

for resurfacing - check. A honed combination of planing hull and continuous

rocker for ultimate agility - check. Outfitting that will let Sasquatch fit in a

Introducing the river trekking category to Wave Sport, the Ethos is a stable, forgiving,

performance-minded crossover platform. With more whitewater performance attributes

than other designs in this category, the Ethos offers a confidence-building introduction

to paddling in up to class III whitewater and offers outstanding comfort on long, multi-

day river treks due to the roomy cockpit and sizable gear-storage space.

kayak – big, hairy – check. Meet the SUV of river running.

## **CORE WHITEOUT OUTFITTING**

The Core WhiteOut Outfitting combines our stylish, marine vinyl white pads with the most innovative outfitting technology today. Focused on safety, enhanced performance, unparalleled adjustability and comfort, our new outfitting will set an industry standard of excellence with an all-new bulkhead system, leg lifters,

very convenient adjustment points and more. **FEATURES INCLUDE:** 

- Reinforced bulkhead foot brace system with reinforced rails and expanding toe cup that prevents feet from pushing past the bulkhead - Ratcheting leg lifter provides 3" in elevation for added storage space and adjustability that allows more efficient energy transfer from the paddler to

- Re-engineered back band provides greater functionality and easier access

- the kayak - All adjustment parts are tethered to prevent loss
- Comfortable cockpit padding - Quick-release, adjustable hip pads
- to storage space behind the seat Metric hardware for global compatibility - Multiple attachment points and security tethers for securing gear

- Foot and seat booster padding included for customisation

# **ADDITIONAL CREEK FEATURES**

- Intuitive controls allow 3" of fore and aft seat adjustment - Rotomoulded tank style creek seat is stiff and durable - Step-out wall includes easy-grip handle for easy carrying and efficiency in the step-out motion

- Storage tray adds storage capacity and hull structure

### arry and still perform under typical conditions. IMENSIONS epths are measured from the highest point on the eck to the bottom of the hull directly under that point.

**ADDITIONAL PLAY FEATURES** - Intuitive controls allow 4" of fore and aft seat adjustment - Quick-reference indexing system allows on-the-fly adjustment - Hull beam is welded to the kayak hull for durability and structural support
