The *all-new Hydra* from Wave Sport is a feature rich sporty tourer set to turn heads - the sleek, stylish lines only hint at the speed and performance screaming to be unleashed! A complex hull shape and rocker profile are game changing and propel the Hydra into an arena of its own. Wave Sport whitewater DNA courses through the Hydra gelling with modern touring design - This is Touring: Wave Sport style!

Like a sea monster from the deep, the Hydra possesses plenty of attitude and can certainly hold its own in the big stuff. Riding high over waves and offering plenty of stability - the Hydra will let you rule the waves. But don't be scared... the many heads of the Hydra make it a multifaceted platform to tour or play from. Hydra's caring nature yearns to look after the occasional traveller who is finding their feet in the world of kayak touring.
